We were in the thick of it. Stormed the Capitol. Forced our way into the Senate and House. Got tear gassed and muscled the cops back like Spartans

Yeah. We stormed the Capitol today.
Teargassed, the whole, 9. Pushed our way
into the Rotunda. Made it into the Senate
even. The news is lying (even Fox) about
the Historical Events we created today.

This is the view from the west balcony after ee broke through all of the construction and made it upstairs and inside. Came out ans Sharon helped people rinse tear gas out of their eyes. If we'd had guns I guarantee we would have killed 100 politicians. They ran off and

were spirited away through their
underground tunnels like the rats they
were.

Proud boys scuffled with cops and drove them inside to hide. Breached the doors. One guy made it all the way to the house floor, another to Pelosi's office. A good time.

Did you see us storm the Capitol today? Sharon is exhausted and will give you the long version later but suffice to say I am a rabble rouser of the first order and when provoked and attacked by the cops for no reason as we were peacefully assembled it was instinct to snatch up my American flag and race for the capitol steps with while

the patriot stereos eere blasting the song
"we're not gonna take it " and we were
screaming along as one. I will send you
now a sequence of pics as we get bearer,
climb through the construction and
scaffolding meant to stop us, up the
stairway where they were shooting teargas
and the grins after we were in as well as

Here is Sharon and me closing, going through construction scaffolding, up the stairs and big grins and a nice view from the criminal castle.
